

EUFONIA FESTIVAL

OPEN CALL 2020

M.A LISBON/BERLIN

EUFONIA 2020

Eufonia is an exposition combining artists, scientists, psychologists, designers, and researchers from all around the world who share the common medium of sound. Participants will explore the past, current, and future uses of sound in diverging areas of people's daily lives, at the intersection of audio, art, and science. We will be asking crucial questions as well as providing key people, technology & institutions to answer them. Born in Berlin, this year EUFONIA 2020 will take place in two cities: Berlin and Metropolitan Area of Lisbon.

OBJECTIVES

This call aims to reach and invite people whose work or research focuses on sound. We want to describe reality, using sound as a medium - and the main character. Our content is displayed through Panel Talks, Lectures, Concerts, Workshops, Artworks, Experiences, and Experiments, so there is plenty of space for your ideas to take shape. This call is also for volunteers that would like to help us in the production of the festival.

DATE AND PLACE

The festival in M.A. Lisbon will take place on the 14th and 15th November (to be confirmed) at ADAO - Association for the Development of Arts and Crafts.

The festival in Berlin will take place on the 7th and 8th of November at Alte Munze. Due to the special situation, a change of venue might happen and will be properly communicated.

THEMATICS

Eufonia Festival is about sound and its intersection with several fields. Interdisciplinary content is explored through most of our program, without a defined theme – except for Panel Talks.

This year, our panel talks in Lisbon and Berlin will explore 5 main themes: Memory, Rhythm, Fear, Freedom, and Health. In the case of panel talks, we (also) accept submissions from people whose work is not directly involved with sound, but still strongly connected with one of the above-mentioned themes.

CANDIDATURE

Proposals must be submitted by completing the form at <https://www.eufonia-festival.com/open-call> by 15th August 2020. To evaluate properly your submission, please include:

- A short biography, max 5000 characters
- A project presentation (what would you like to show/talk about?)
- In case of installation/experience/workshop: estimated cost

DISSEMINATION OF RESULTS

The authors of the selected proposals will be notified by e-mail by the 31st of August.
